Stone materials are back in the spotlight once again in the 40M6191 design: top – class natural marble from the most renowned quarries in Italy and Europe whose typical nuances of color and original veining patterns – sometimes delicate, others more marked – are enhanced by the beautifully polished finish. The collection is thus the expression of classic style given an elegant modern twist thanks also to different thicknesses and formats as well as new large sizes.

This design is characterized by the contrast that generates compared with the rest of the tones in the collection, a neutral color that brings sobriety to the space.

Elegy of absolute beauty: monumental architecture, extraordinary works of art become everyday landscapes living again on surfaces featured by an all-Italian classicism. As in a pentagram, images of elegance, suggestions of wealth, memories of tradition and culture chase each other and merge, creating a surprisingly contemporary harmony. History and art are thus brought into the present and take on a new life thanks to a refined work of synthesis and balance that makes the proposal very up-to-date, of a timeless modernity.

Affordability : Keeping in mind the requirement of different segment of customers we have a vast ranges of products at different price points that make our products affordable for various segment of customers.

Technological innovation in ceramic production has made it possible to create concrete-look stoneware collections offering a very true reconstruction of the semblance of raw concrete, flaked plaster and modern cement . Thanks to advanced decoration techniques, not only have the minimalist details and unique features of concrete been re-created, but also the aesthetic appeal of aged surfaces marked by the passing of time

Only the best ceramic floor tiles, reinterpreted, with a contemporary, sometimes eclectic, effervescent and always trendy look.

The stone effect of vibes represents the desire for nature as the desire to create real spaces starting from the material that surround us every day in our homes.
